Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. Kari M Del Vecchio (illustrator). 280 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Do you remember coloring as a child? How peaceful and free you felt, not to mention how much fun it was. No one telling you what color things should be or how to do it correctly. If you felt like a tree should be pink, you made it pink, before you were most likely told the limiting belief that a tree can't possibly be pink. I have created this coloring book for busy adults in the hope that it brings back the peace and tranquility you once felt as child sitting down with your favorite coloring book. Express your intuitive creative selves and relax with the simple act of coloring. My drawings in this book are not computer generated, with the intention not to lose the fun and whimsical nature of how I first drew them. They are one-sided so you can display your colorful meditation if you wish. It is my hope that if you do display this piece, it can serve as a colorful reminder of how simple...
