## MENTAL DISORDER

Iconcept Press, United States, 2014. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Mental disorder is a psychological pattern or anomaly, potentially reflected in behaviour, that is generally associated with distress or disability, and which is not considered part of normal development in a person's culture. The recognition and understanding of mental health conditions have changed over time and across cultures and there are still variations in definition, assessment and classification. The causes of mental disorders are varied and in some cases unclear, and theories may incorporate findings from a range of fields. Services are based in psychiatric hospitals or in the community, and assessments are carried out by psychiatrists, clinical psychologists and clinical social workers, using various methods but often relying on observation and questioning. Mental Disorder explains the latest research on mental disorders. It serves as an essential start to mastering the science and art of clinical practice. Chapter 1 examines youth suicide ideation from a cross-cultural perspective and to focus specifically on gender differences by examining data from 19 countries and cities. Chapter 2 examines the relationship between the locus of control scale as an indicator of internality-externality and the Kessler 10 scale as an indicator of psychological distress, and analyses the effects of socio-demographic and employment-related factors on this relationship. Chapter 3 examines the prevalence of mental health issues and future aspirations among service-seeking youth living in the slums of Kampala. Chapter 4 reviews the literature regarding cognitive deficits in children with type 1 diabetes mellitus as well as explores original research investigating prospective memory in this cohort. This study demonstrates the need for additional studies clarifying the relationship between prospective memory and glycemic control. Chapter 5 discusses HCV (Hepatitis C Virus) among patients with mental...
