## WHAT DO ASTROLOGERS BELIEVE?

[DOWNLOAD](#)

Granta Books (UK). Paperback. Book Condition: New. Paperback. 100 pages. Dimensions: 7.6in. x 5.0in. x 0.6in. The notion that the stars and planets hold significance for human life, exists in most cultures. It is evident in Stone Age lunar calendars dating back to 30,000 BCE. Today, 90 percent of Indians consult astrologers about their forthcoming marriages while over 50 of people in the West read their horoscopes in newspapers or magazines. Astrologys techniques and philosophical foundations are complex and there is no single tradition. Astrology may be seen as science, art, religion, craft, or superstition. For most adherents it is either a path to self-understanding or an organizing principle which helps give purpose to an otherwise meaningless world. This guide explores astrologys past and present, its claims and appeal, and explains what astrologers really believe. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
