Date :2009-07. With the new high school curriculum standard of steady progress, the various versions of the new curriculum materials, a variety of supplementary materials for teachers and students to provide a broader education resources, there is inevitably the phenomenon of cohabitation. In view of this, we organized a college entrance examination in the past six years to train for the Beijing champion, and a large number of top five students in High School Affiliated to Renmin University of China teachers teaching and research of various disciplines, based on the new curriculum reform RDFZ teaching practice and course of Guangdong Province change experiments and research, according to PEP new curriculum materials, preparation of the new curriculum standard high school textbook series synchronous counseling and training. After dozens of Bentacongshu RDFZ grade teacher and the Guangdong Provincial Department of Education Department experts, strict control, and after the trial RDFZ other schools, the practice proved that this is a more targeted to the excellent teaching and learning science case, it not only to help students master the content knowledge, attention to social, attention to life, to expand horizons and improve thinking ability, but also to help teachers from the various testing of student learning conditions. In the preparation process, Bentacongshu sought to highlight the characteristics of the following aspects: 1. Basic knowledge and exercises in each lesson are to explain the basics as the main content, by reading and exercises for students to grasp the basic knowledge required to master the syllabus. Each class have an interactive learning research, champion notes, wrong title and other features columns from multiple perspectives to help students...
