

Curiously Satisfying Science of Structures for the Curious Character: A Workbook

By Tony Lee Minich

Createspace, United States, 2012. Paperback. Book Condition: New. Workbook. 249 x 201 mm. Language: English . Brand New Book ***** Print on Demand *****.Curiously Satisfying Science of Structures for the Curious Character: A Workbook is a mostly mathless workbook designed to develop thinking about the nature of structural design. Students are given miniature laboratories, experiments, and puzzling problems. The lessons lead to a bridge building activity. This book works wonderfully for any balsa wood bridge building program in schools or summer education programs. The material has been used for gifted grade school kids as well as adolescents. Even adults will find the material amusing and possibly challenging. Written by a civil engineer and educator, the problems will help a person think conceptually about structures in a way they may not have before. To sample some video presentations of lessons in this booklet, visit.
